DUCTSHIELD

FOR THE PROTECTION OF DUCTWORK DURING STORAGE, TRANSPORT AND BUILDING CONSTRUCTION

- Works well on galvanized steel, stainless steel and aluminum.
- Withstands temperatures up to 160°F.
- Does not leave sticky residue on ductwork after removal.
- Available in three sizes, including extra wide 48".
- Environmentally friendly and fully recyclable!

Contact local authorities for conditions or restrictions regarding proper disposal of PE film

Illustration:

DuctShield comes in prepackaged 2', 3' and 4' rolls to make the most effective use of the protective material.

DuctShield is a high strength, full release, adhesive backed polyethylene film designed specifically for the HVAC Industry. Although it's uses are unlimited, its primary purpose is to protect the open ends of ductwork, fittings, and other HVAC products from hard to remove dirt and debris, which often accumulates prior to final installation

DuctShield has been tested to withstand a variety of weather conditions, and will not blow off during transportation to the job site

Tensile strength: $\geq 21.75 \text{ lb/in}^2$
(Additional technical specifications available upon request). For best results, duct surfaces should be clean and dry before application

A full 3.2 mil in thickness, it outclasses the competition in gauge and strength, yet is still soft and easy to apply

LIMITED PRODUCT WARRANTY

METU-STREIMER warrants DuctShield to be free from defects in materials or workmanship, under normal use and service only at the time of shipment from our facility. If the material is shown to be defective at the time of shipment, METU-STREIMER will replace or issue credit for the original purchase price. This limited warranty supersedes and is in lieu of all other warranties or guarantees whether written or oral, express or implied, including, without limitation, warranties for merchantability and fitness for a particular purpose.

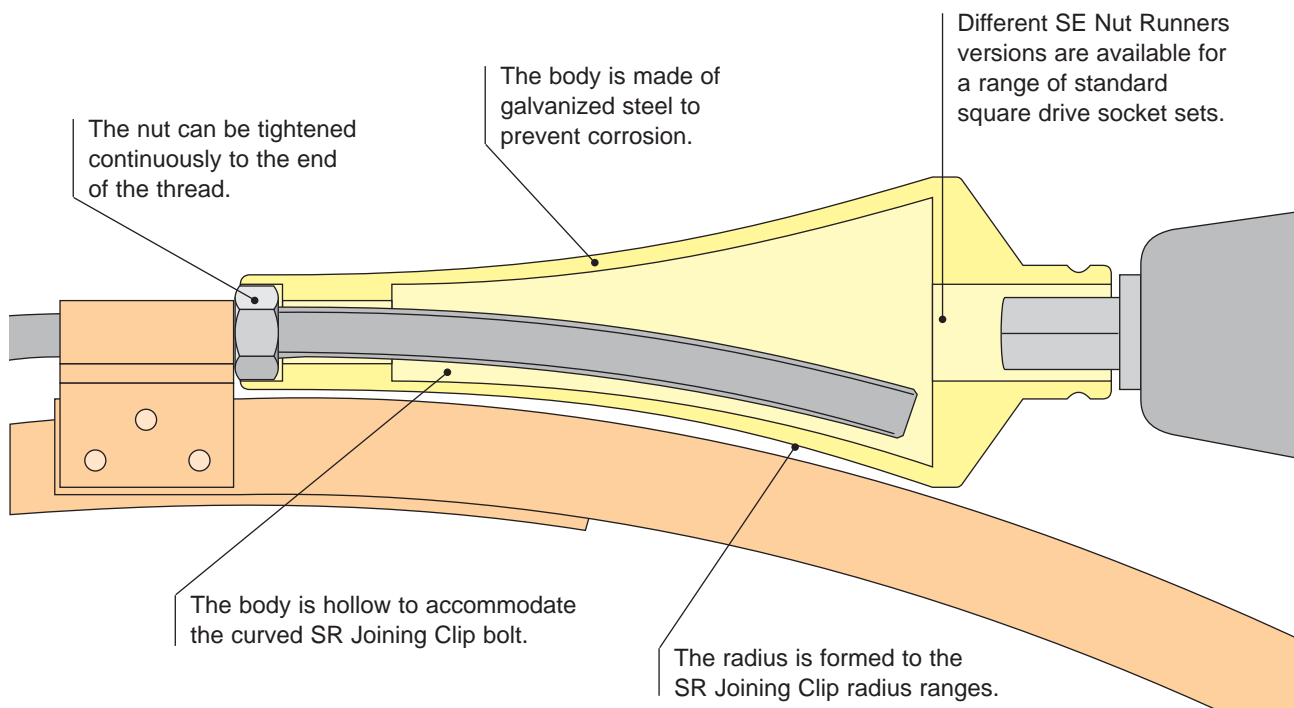

Because of the possibility of surface variances, quality, structural movement or externally caused damage, METU-STREIMER shall not be liable for any consequential, special, incidental or other damage including, but not limited to, loss of profits or damage to any surface to which DuctShield is applied. This limited warranty cannot be amended, altered or modified in any way except in writing signed by an authorized officer of METU-STREIMER. No other person has any authority to bind METU-STREIMER with any representation or warranty whether oral or written.
